

Red Cross Certifications

The Ithaca YMCA offers on-site and outreach Red Cross training in health and safety courses, such as CPR, First Aid, AED, waterfront, and lifeguard training. Each year, the Y trains hundreds of individuals and corporate personnel in these lifesaving programs, including first responders, educators, babysitters, and people who want to be prepared to help others in an emergency.

The YMCA Outdoor Education Center

Focus is to get kids back to nature by engaging in educational and interesting activities in the woods with high quality instructors and years of experience. The Outdoor Education Center is comprised of 109 undeveloped acres of woods, plants, and wild edibles. Ithaca Y

staff and volunteers have groomed a trail system, including a special needs accessibility trail, created a natural amphitheater, erected a clubhouse/pavilion, and readied a calendar of scheduled nature walks, bird watching, winter activities, and various year-round educational programs and camps.
